About Me

Brazilian Full Stack Developer based in Greater Brisbane, Australia, specialized in UI/UX, motion, and interactive digital experiences.

10+ years of experience building scalable web and mobile applications across diverse businesses. Strong background in **WordPress** and **Shopify**, developing custom plugins, integrations, and e-commerce platforms centered on user experience and conversion.

Experienced across frontend and backend using **React**, **Vue.js**, **Node.js**, **Laravel**, and **React Native**, delivering modern and interactive digital products.

Core stack includes **PHP**, **JavaScript/TypeScript**, **MySQL**, and **MongoDB**, with a strong focus on clean architecture and maintainable code.

Additional experience with **Python** and **C#** for APIs, automation, and backend services, integrated into modern workflows.

Comfortable working with AI-assisted dev tools for debugging, refactoring, and rapid prototyping, with emphasis on UX, performance, and product quality.

Experience Summary

Software Developer

Burger Digital - June/2021 - March/2026

Develop and maintain high-performance websites, portals, and web applications for a diverse client base using React, Vue.js, Node.js, and PHP. Deliver custom WordPress and Shopify solutions with a strong focus on performance, UX, and conversion. Collaborate with designers and stakeholders to translate business requirements into scalable technical solutions.

Freelancer Full Stack Developer

July/2020 - Present

Deliver end-to-end web solutions for small businesses, managing everything from concept and design to development and deployment. Build and maintain custom websites and e-commerce platforms using WordPress, Shopify, and modern JavaScript frameworks. Handle client communication, project scope, and ongoing support independently.

UI Designer & Software developer

Brightfox - Jan/2017 - June/2020

Led UI design and front-end development for real estate platforms and interactive applications across web and mobile. Built responsive solutions for iPad, iPhone, and kiosk systems, focusing on usability and performance. Collaborated with cross-functional teams to translate business needs into intuitive digital products.

Front-end developer

Margin Media - Sep/2016 - Dec/2016

Developed responsive websites and interactive digital experiences in a fast-paced agency environment. Created animations and UI components using HTML5, CSS, and JavaScript. Contributed to the delivery of client projects under tight deadlines while maintaining high quality standards.

Front-end developer

W5 Publicidade (Brazil) - Aug/2013 - Sep/2015

Co-led the development team delivering web projects for clients across Brazil, France, and the USA. Built responsive websites aligned with client branding and business goals. Acted as a bridge between design and development, improving collaboration and ensuring consistent delivery of user-focused solutions.
